

LICENCE TO PLAY

outdoors

The perfect take-home accompaniment to the Passport to an Amazing Childhood program which will support you to:

Get your kids outdoors from the backyard to the front yard...into the neighbourhood - where the real magic happens!

Scaffolding children's outdoor play abilities

Building kids' love of outdoor play

Supporting children's independence

Helping reduce parental fear to give their children greater freedom

Children learn how to be safe in their neighbourhood through practice, and independent play is good for children's health!

Go to www.natureplayqld.org.au/licencetoplay to find out how the Licence to Play system works.

Then register each child and find missions for the Passport Program at www.passport.natureplay.org.au

AIM OF THIS RESOURCE

FOR EDUCATORS:

- Enables educators to keep Passports at their centres, but still gives the child the information to be able to go home and complete Nature Play missions
- Creates a sequential development of experience with the passport online system, through providing challenge and a small amount of structure and extrinsic reward
- Give educators further structure for involving the passports within their services
- Sequentially foster the love of outdoor play in children
- Further increase conversations within the home about the essential requirement of outdoor play for kids

FOR PARENTS:

- Sequentially develops the outdoor play related skills, competencies and knowledge of children
- Progresses the building of children's independence, risk management and self-regulation capacity related to outdoor play
- Create a sequential development of experience with the passport online system, through providing a small amount of structure and extrinsic reward
- Sequentially foster the love of outdoor play in children
- Further increase conversations within the home about the essential requirement of outdoor play for kids
